Kenorland Minerals Ltd. (KLD-V)

Kenorland Minerals receives UL 2723 ECOLOGO certification for mineral exploration companies

Kenorland, on February 26, 2024, announced that it has received UL 2723 ECOLOGO® Certification for Mineral Exploration Companies ("UL ECOLOGO®"). Kenorland initiated the UL ECOLOGO® certification process on February 9, 2022, and successfully completed it on February 20, 2024. In completing the process, Kenorland met all the responsible development indicators required to obtain UL ECOLOGO® Certification for Mineral Exploration.

Certification confirms Kenorland's ability to have better relationships with its stakeholders, contributing to the social acceptability of its portfolio of projects. As part of this certification, Kenorland met all the responsible development indicators including: i) Respect for the principles of sustainable development in the value chain; ii) Environmental quality (efficient use of resources, air quality, soil quality, respect for sensitive areas and wildlife habitat); iii) Quality of life (recognition of the concerns and accommodation of local and indigenous communities, quality of the visual environment, health and safety of populations, respect for cultural heritage); iv) Local investment (selection of local labor, selection of local suppliers); v) Work environment (occupational health and safety); vi) Business ethics (prevention of corruption, accountability of directors and officers); vii) Transparency and reporting (information sharing); viii) Innovation (responsible use of technologies); ix) Economic efficiency (efficient use of financial resources), among other.

The UL ECOLOGO® is a comprehensive certification for mineral exploration companies and its service providers to ensure the highest standard of responsible environmental and social practices. The UL ECOLOGO® certification process involves a rigorous audit to evaluate performance in environmental impact, personnel safety, well-being of impacted communities, fair and ethical business practices, compliance with applicable legal requirements and efficient use of financial resources.

Zach Flood, CEO and President of Kenorland Minerals, stated: *"The Kenorland team is tremendously proud to receive the UL ECOLOGO® certification and remains committed to upholding the highest standards with respect to environmental and social practices in the mineral exploration process. We look forward to continuing to demonstrate these practices as we advance our mineral exploration projects in Quebec and other jurisdictions."*

Kenorland is well-financed (>23M) and focussed on project generation and early-stage exploration in North America: Kenorland's exploration strategy is to diligently advance greenfields projects through systematic, project-wide, phased exploration surveys financed primarily through exploration partnerships including option to joint venture agreements. Kenorland holds, among other, a 4% NSR royalty on the Frotet Project in Québec which is owned by Sumitomo Metal Mining Canada Ltd. The Frotet Project hosts the Regnault gold system, a greenfields discovery made by Kenorland and Sumitomo Metal Mining Canada Ltd. in 2020 (see: <https://www.linkedin.com/pulse/kenorland-minerals-ltd-kld-v-commences-drilling-program-eric-lemieux/?trackingId=JPawVWxGSvSLf4ptToDGYg%3D%3D> and <https://www.linkedin.com/pulse/kenorland-minerals-ltd-kld-v-commences-2024-winter-drilling-lemieux-dk2te/?trackingId=KVkyVbczSf%2BzvKVR9MXLOQ%3D%3DP>).
